We love these eco-chic retreats: Best green hotels in Singapore for a sustainable getaway

Looking for a well-deserved, guilt-free respite? Check in to the trendiest green hotels in Singapore.

Are environmental impact concerns weighing heavily on your mind? We get it. Planning a vacation can feel overwhelming amidst ongoing discussions on preserving the planet and the necessary measures we have to take to reduce our carbon footprint. But fret not, we have good news. Treat yourself to a pampering respite (sans the guilt) by checking in to some of the best green hotels in Singapore.

3. Oasia Hotel Downtown Singapore

Photography: Oasia Hotel Downtown

This eco-conscious hotel is a sight for sore eyes – especially amidst the CBD’s concrete jungle. Its exterior is adorned with abundant greenery, embodying Singapore’s reputation as a garden city. That’s not the only green thing about it. It also utilises a rainwater harvesting system to water its green walls and plants, flush toilets, and clean common areas. Plus, it’s implemented a recycling program for waste. #respect

Oasia Hotel Downtown Singapore, 100 Peck Seah Street, Singapore 079333
